Declaration Statement

July 21, 2025

1. Our company manufactures TAIRILITE® PC resin. Due to changes in the UL CTI (Comparative Tracking Index) test method, which have affected CTI ratings, UL requires a revision of the product grade names to distinguish them from the original grades. °
2. The material composition remains exactly the same before and after the grade change, with equivalent physical properties. °
3. The correspondence table of the original and new grade names is as follows :

| Original Grade | New Grade |
|----------------|-----------|
| AC3600 | AC3600-H |
| AC3610 | AC3610-H |
